【Important notice】Equipment reservation unavailable due to a technical issue

We apologize for the inconvenience caused by the unavailability of our reservation system.

The system is facing a technical issue.
When entering the reservation system, you will be directed to the new registration page as shown in the figure on the right.
However, you will not be able to make user registration or access the reservation calendar.
Until the issue is solved, we will accept reservations via email.
Please send us an email using the format below.
